From the Executive Director

Dear Friend,

In this time of tremendous upheaval that our world faces, between the rampant antisemitism and war in Eretz Yisroel, we all wonder what we could do to bring about the ultimate peace and harmony that we strive for. The Rebbe's teachings give us the clarity we seek: when Am Yisroel faces Tzaros, we need to gather the children. The Torah learning and words of Tefila that flow from their lips have tremendous power to bring lasting and positive change, and remove the difficulties we face.

Our history proves this to be true, for when Haman announced his evil decree, Mordechai Hatzadik gathered 22,000 children to proclaim words of Torah and Tefilah. This gathering was one of the pivotal events that led to the salvation of the Yidden in those times.

My grandfather, Rabbi Mordechai Eliyahu Shneur OBM, a Melamed in Lod, Eretz Yisroel, delved deeper into the relevance of this story. He asked, "How is it possible that Mordechai, one person, was able to gather 22,000 children?"

In response to his own question, he pointed out that Mordechai was able to gather the students *with the help of all the teachers*. Each Melamed joined in Mordechai's endeavor and brought their students together for words of heartfelt prayer.

Today, as our enemies take a stance against us, we must acknowledge that it is the work of the teachers who are bringing us towards our ultimate goal of Geulah. It is no coincidence that the Midrash relates that when Moshiach comes, the teachers will sit on Moshiach's right side. The dedicated educators who show up day in and day out to inspire their students to joyfully sing the words of Davening, to learn Torah with Chayus, and to have Ahavas Yisroel are the ones spearheading the effort to bring salvation to Am Yisroel.

At the Menachem Education Foundation, our work is centered around supporting these teachers so that they can continue to successfully strengthen the Torah education of our children. We provide coaching, conventions, and curricula to enable high-quality Chinuch. We work to ensure that every Jewish child receives a Torah-true education, through the Our Heritage program, and we help Chabad schools fill their classrooms with trained teachers, through our Kadima L'Chinuch Teacher Training Program.

Each endeavor of the Menachem Education Foundation is with the goal of providing a high quality and lasting Chinuch to the 22,000+ students in the 417 schools in our reach. These students, just like in the times of Mordechai Hatzadik, are going to be the ones leading us to the ultimate Geulah, and it all depends on the Chinuch that they receive.

I would like to take this opportunity to thank the MEF staff for their unwavering commitment to Chinuch, and to Mrs. Sarah Pinson for coordinating the Annual Report 5784. I would like to thank my dear friends, Mr. Alan and Mrs. Lorie Zekelman for their steadfast support of the Menachem Education Foundation, and for being pillars of the Torah education of our children. I would also like to thank the Gelman family, and all of the other supporters of our work.

May the Zechus of the Torah learning in our communities bring abundant revealed goodness to them and their families, and may we be Zoche to welcome Moshiach speedily, with peace and harmony in our world.

Rabbi Zalman Shneur
Executive Director

OUR HERITAGE

Founded in Summer 2020/5780

With many schools closed or going virtual due to COVID, we at MEF saw the opportunity to provide a Jewish education to children who would otherwise attend public school. With the encouragement of Reb Shneur Zalman Hirsch a"h, **Our Heritage** was born.

Our Heritage provides **\$25,000** in matching grants to Chabad day schools who enroll 10 or more students coming from public schools.

Since its founding, Our Heritage has awarded

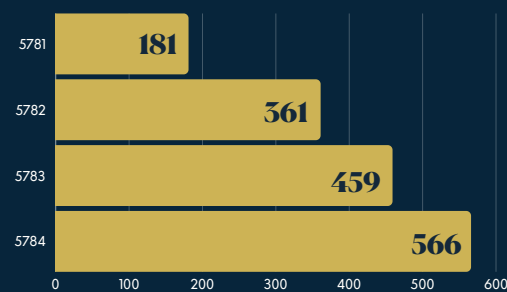

\$1,200,000

in matching grants to Chabad Day Schools

566 students

worldwide received a Jewish education thanks to **Our Heritage**

Participating schools noted a **79% retention rate**
Total number of students participating:

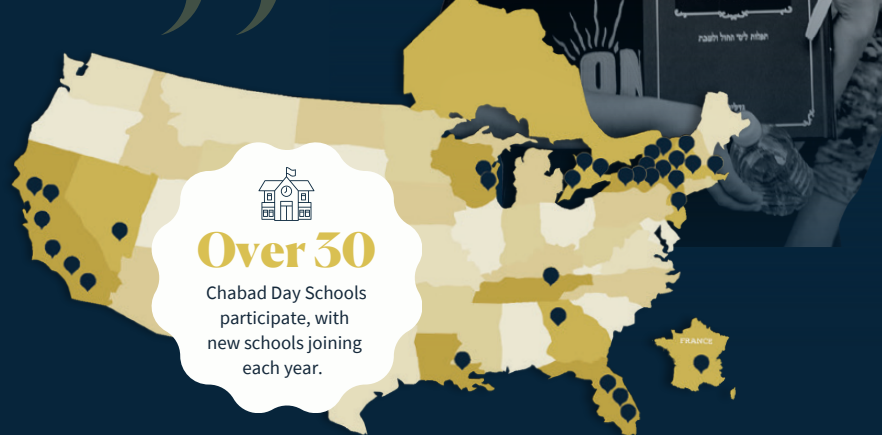

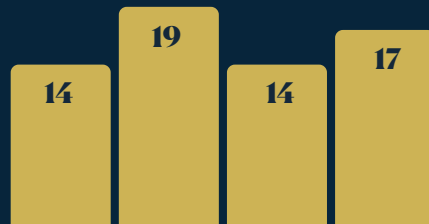

“What I appreciate about Jewish day school is that everyone is nicer, I’m surrounded by my people, have lots of Jewish friends, and in a more pleasant environment. I’m learning about my culture, my religion, learning new stories and so much more.

It has changed me, my life and my future.

-Asher Mullokandov, Chabad STREAM School, Bayside, NY,

Schools receiving grants each year:

My son, Joe, in fourth grade, woke me up at six o’clock in the morning and frantically asked, ‘Mom, have you seen my Tzitzis? We’re going to the Liberty Science Center today and I want to wear my Yiddishkeit proudly, for all to see!’

-Joe's Mom, Tenafly Chabad Academy

85% of students

do not come from Shabbat observant homes.

Immeasurable Impact

The all-immersive Torah education has allowed these children to explore their Jewish heritage, build a strong Jewish identity and express their yiddishkeit proudly, inspiring change in their families as well, **transforming the future of the Jewish people.**

ACCESS to FUNDING

Our Heritage Founders Dinner

The Our Heritage program holds fundraising events to bring together the program’s supporters to raise funds that will make Chabad day school education affordable for Jewish public school children. In Sivan 5783, supporters gathered at Wolf & Lamb in Manhattan to launch the fourth year of the program, and to hear from students who receive a Jewish education with the help of Our Heritage.

A recent event in Cheshvan 5784, featured a thought-provoking discussion on business, philanthropy and leadership, by the program’s pillar sponsor, Mr. Alan Zekelman, together with Mr. Mark Gerson. Attending donors enjoyed a gourmet catered dinner and listened to a first-hand account of the impact of the Our Heritage program by a child who is receiving a Jewish education with the help of the program.

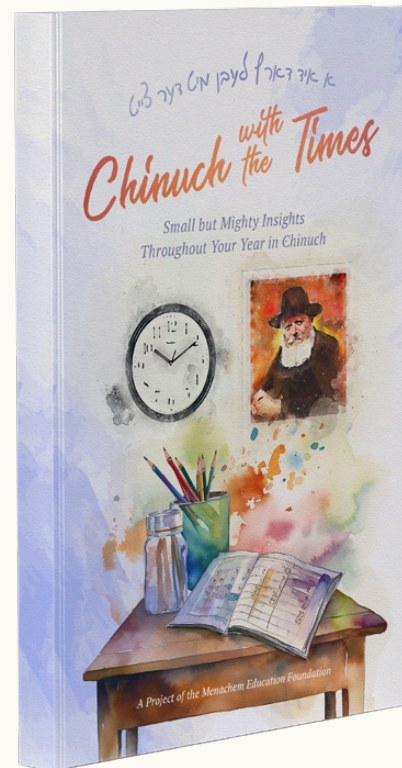

Annual Charidy Campaign

The annual Charidy campaign raises funds for these programs that enable our children to receive the high-quality Chinuch they deserve. The annual Charidy campaign in 5783, which highlighted that “Success in Chinuch Starts with MEF,” raised over \$1,000,000 for Chabad Chinuch, which made a year of impactful educational programs possible. The upcoming Charidy campaign that will take place in Kislev 5784, hopes to raise \$1,500,000 to continue building our children’s Chinuch.

Inspiration for CHABAD CHINUCH VALUES

Chinuch with the Times

Chinuch with the Times, a compilation of bite-sized Chinuch insights for every special day on the Jewish calendar was published in Av 5783, in honor of 8th Annual Kinus Mechanchos Chabad. It includes insights from our Rabbeim, reflections on Chinuch, tips for teaching and food for thought. The collection inspires educators in their vital role, instilling a love for Torah and Yiddishkeit in their students.

“This is a treasure trove of insights and Chassidishe Hanachos on Chinuch in easy to read tidbits that follow the calendar year. Every Chassidishe educator has much to gain from the practical tips and questions posed at the end of each entry.”

-Mrs. Dena Gorkin, Principal, Bnos Chomesh Academy

Weekly Chinuch Vitamin

Teachers and principals who are part of MEF’s community receive a specially-curated weekly email filled with Chinuch insights based on the Parsha or upcoming Yom Tov, Chinuch news, event reminders and accessible resources. This keeps them in the loop about what is new in Chabad Chinuch, and empowered with Chinuch insights to keep them going from week to week. Educators share how much these small doses of inspiration in their inboxes help renew their excitement for their important Shlichus.

COMMUNITY & COLLABORATION

Monthly Chinuch Farbrengens

Educators look forward to gathering at virtual farbrengens every month to hear from renowned Mechanchim and Mechanchos on Chinuch topics relevant to the time of the year, and to gain insight on the Rebbe’s perspectives on Chinuch. Both the farbrengens for Mechanchim and for Mechanchos are specially curated to bring educators together for camaraderie, learning, inspiration and support.

“The farbrengen in honor of Eretz Yisroel brought together Mechanchim and gave me Chizuk. It was inspiring, and it gave a focus on what our role is. It was a breath of fresh air.”

-Rabbi Noach Kosofsky,
Principal of Lubavitcher Yeshiva Academy,
Longmeadow, MA

“I always look forward to the farbrengens. The topics are so pertinent, and I feel like we Mechanchos understand each other and support each other. Thank you for the meaningful messages and practical ideas.”

-Mrs. Chani Posner,
Principal of New England Hebrew Academy

Our Heritage School Marketing Course

As part of the effort to increase enrollment at Chabad day schools, MEF’s Our Heritage program brought together 15 Chabad day school leaders for a ten-week intensive school marketing course led by Gary Wexler, Marketer for Nonprofits. Wexler introduced innovative ways to level-up communication and marketing strategies to encourage parents of Jewish public school children to enroll their children in Chabad day schools. The school leaders collaborated on marketing plans that they could implement to drive enrollment for the upcoming school year. Participants shared how much they enjoyed working together on creating school marketing plans to realize the Rebbe’s vision of providing a Jewish education to every Jewish child.

Capacity Building

Chabad School Leadership Retreats

MEF builds a cycle of success in the Chabad Chinuch system through empowering principals and administrators at the annual School Leadership Retreats. Held separately for men and women principals, the retreats bring together school leaders from around the world for two days of networking, workshops, mentorship and collaboration geared towards strategic planning in education, leadership capacity and practical tools for meeting the needs of every student.

“One conference, thousands of students affected.”

-Mrs. Shana Teichtel, Principal Emeritus of Bais Rivkah High School, Brooklyn, NY

Curriculum & Resources

Zekelman Standards

The Zekelman Standards for Judaic Studies set the communal learning guidelines for Chumash classes in elementary schools. Created by leading Chinuch professionals, the innovative Standards ensure student success, by providing teachers with hands-on learning materials, lesson plans and support for curriculum implementation. The Zekelman Standards ultimately enables every student to be an independent and lifelong Torah learner. The program continues to grow and will feature an upgraded website and enhanced curriculum for the coming school year.

“I have never seen anything like it. These standards break down Chumash study into actual textual study skills with proper scope and sequence for development.”

-Mrs. Chany Okunov, Head of School, Mazel Day School, Brooklyn, NY

Project Tomim

“Project Tomim,” MEF’s all-new social-emotional learning curriculum, is rooted in Torah and Chassidus with research-based tools and best practices. It is intended to give elementary school students the tools to develop healthy social-emotional attitudes and behaviors. The dynamic lesson plans include activities, multimedia and manipulatives, as well as teacher support and a community of practice. After a successful two year pilot, the curriculum is slated to be launched widely for the upcoming school year. The goal is to raise a generation of students who have a healthier sense of self and social-emotional skill set, and who are empowered to make positive choices both in and out of the classroom.

“Social-emotional learning is such a vital part of what a Talmid needs to find success in life, learning and his own connection to Hashem.”

-Rabbi Yosef Zaidman, fourth grade teacher, Cheder Chabad of Morristown, NJ

Affordable Chinuch Consulting

When schools invest in their staff, students are the ones who benefit. With the help of the Menachem Education Foundation’s Consultancy Program, 24 schools so far this year have provided their staff with targeted workshops as well as participated in the individualized and subsidized mentorship program for teachers and principals.

One such example is Bais Menachem Yeshiva Day School in San Francisco. The school held a webinar for their teachers given by MEF Chinuch Consultant, Mrs. Nami Friedman on the balance between “Rules and Relationships” in the classroom.

“Nami Friedman was excellent! Her message was inspiring, empowering, and articulate. The handouts provided allowed us all to engage with her message in a reflective manner.”

-Rabbi Gedalia Potash, Principal, Bais Menachem Yeshiva Day School, San Francisco, CA

Upleveling Educators

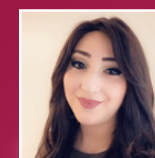

“Mark’s ability to ask the right questions and coach you forward has been of great assistance to me in many areas.”

-Rabbi Shneur Wilhelm, Principal, Lubavitch Hebrew Academy, Margate, Florida

Teacher Shlichus Program

Launching in Winter 5784

In the Teacher Shlichus Program, directed by Mrs. Shana Teichtel, Principal Emeritus of Bais Rivkah High School in Brooklyn, NY, post-seminary women will experience a year of student teaching at the program's participating Chabad schools. Throughout the year, participants will receive online teacher training classes from MEF, as well as on-site mentorship and supervision from their host schools.

The goal is to create an influx of bright, young teachers to benefit the Chabad community at large, and to build a passion for the Shlichus of teaching in today's young women, providing them with the skills and ability to educate today's students.

"I learned to notice signs and symptoms, listen non judgmentally and not to be the savior — but to be the conduit to get help for the student in crisis."

-Anonymous Mental Health First Aid Responder since completing the course

"This course was wonderful and very informative, and should be required for all teachers."

-Rabbi Levi Kramer, Ohr Elchanan Mesivta, Los Angeles, CA, Mental Health First Aid Responder since completing the course
